Title – Screen heading:

Index No:

Question stem:

--

MODULE TITLE:

Module No		Section No		Section Title	
Page Ref:				Page Type:	Open input text

Title – Screen heading:

Index No:

This could be used to redisplay previous text entered – by using same Index No, or create a new input area to compare information, by using a different Index No). If the latter, then an open input feedback template will also need to follow.

Question stem:

MODULE TITLE:

Module No		Section No		Section Title	
Page Ref:				Page Type:	Open input text feedback

Title – Screen heading:

Text:
(which appears at the top of the 2 columns of text which the ‘learner’ will have entered)

--

MODULE TITLE:

Module No		Section No		Section Title
