

Police Authorities and Learning Pool

Learning Pool is the e-learning exchange for the public sector. We help organisations to get the most out of e-learning without making a big strategic or financial investment.

Special Offer

We're pleased to make the following offer to the 43 police authorities in England and Wales. We'd like as many authorities as possible to take up this offer so that a community of learning and knowledge is created specifically for police authorities. That's why the discounts grow with the number of authorities who join.

What do you get for your money?

Authoring Tool

Unlimited use of our Authoring Tool, including all upgrades and helpdesk support, so that you can create your own e-learning in the way that you create a MS Powerpoint presentation now.

Dynamic Learning Environment

A Dynamic Learning Environment (DLE) for each authority so that you can evidence training, plus a whole lot more! Create your unique learning environment by adding discussion forums, transmitting podcasts, creating polls, wikis, blogs and glossaries and running real-time chat sessions. Unlimited ability to add 3rd party content to the sites at no additional charge. We are happy to upload this content for you or provide guidance for you to do it yourself.

Free e-learning courses

Each police authority can select an unlimited number of courses from our catalogue of 150. We suggest our Passport to Procurement, Freedom of Information, Equality & Diversity, Change management and Data Protection courses to get started but you can choose. Plus access to Modern Councillor modules for all independent Police Authority board members.

Workshops

Two places at either our Instructional Design and Authoring Tool or our DLE workshops. ID workshops cover theories about how we learn, how to create great e-learning from scratch and how to get the most out of our Authoring Tool. DLE Workshops teach learners about administration of the DLE's and covers the functionality that is available.

How much does it cost?

This 30 minute course has been shortlisted in the Innovation or Step Change category for the 2008 APA's 'Recognising Excellence' Awards.

Irene Glynn, Greater Manchester Police Authority, says "I have had superb support and encouragement from Learning Pool staff, and met some inspirational mentors through the network."
